Dear Mr Sealy

Thank you for your gift to Wycombe Homeless Connection

Thank you so much for the generous donation of £710 recently received from your evening with Armando Iannucci.

In late February we hit a milestone that brought mixed feelings. We are now caring for over fifty people in emergency winter accommodation. Fifty people who otherwise would likely be sleeping rough, and in a pandemic.

It is distressing that so many people from our community are finding themselves without a place to call home.

But, **because of your support**, we are helping people get into accommodation where they can be safe. We're offering practical support such as food and clothing. Our homeless health support worker is making sure people can get the healthcare they need. We're continuing to work with people to make a long-term difference in their housing situation.

And of course we are doing all we can to prevent anyone from becoming homeless in the first place. It is long, hard work which saves and changes lives. We're grateful for you, our volunteers and the organisations we work with that bring all this vital support together.

We believe we are going to see even more people put at risk of homelessness as the impact of the pandemic continues. Our economy and social care system are under increasing strain putting more people under pressure which means our services will be needed for the long term.

So, thank you very much for this gift. You are the reason people are able to get the help they need at this very difficult time.

Yours sincerely
